Hi Antonio,

The FL 404 action is an Administrator-signed final rule. Attached are the DRAFT rule package documents that John approved and that we uploaded into CMS on Tuesday, including the action information, action memo, OWOW to AA transmittal memo, FRN, and FR Cover form. Additionally, we've got the signed typesetting request and Compass document, attached if you need those.

Again, these are all draft and we've sent to OW IO for some preliminary feedback before officially routing. Is this sufficient for FR Dailies?

Last week while you were out, Mindy helped put the non-significance determination information & milestones in the ADP tracker, and we've gotten some updates to our NSD determination document from Jess, but no sign-off from Dave yet. Let me know if you need the most up-to-date version.

Best,
Whitney

DELIBERATIVE

Hi John,

We are ready to start the review process for the draft FRN on our HQ codification rule and assorted transmittal documents, including the concurrence sheet for your signature so we can then upload to CMS and get OW review. Separately, I have heard from Janita that she is talking with Jess about some edits to the non-significance determination so that should be coming back to us in CMS hopefully today.

Please let us know if you have any questions.

Thanks!
